enters into this agreement with Confidento Partners, also referred to as "Farm". Above named is referred to as "Purchaser" in this agreement. "Purchaser" is the owner or lessee of the mare to be bred, named below.

This service agreement is for the stallion **CONFIDENTO** to breed the mare named _____

Reg. #: _____ Year born: _____ Breed: _____

Colour: _____ Markings: _____

Mares Sire: _____ Dam: _____ Dam's Sire: _____

"A photocopy of the mare's registration papers must accompany this contract."

Purchaser agrees to pay the Farm a non-refundable Stallion Service Fee of **\$1800.00 (+GST)** [\$500.00 booking fee included] is payable before semen is shipped. **First collection and disposable shipping container are included in Stallion Service Fee** (all shipping fees are the responsibility of mare owner).

An additional collection fee of **\$250.00 (+GST) with Purolator** or **\$385.00 (+GST) for shipment by Air** is required for each additional collection. This fee must be received by the Farm before the collection date.

I understand that my mare must be examined by a licensed veterinarian with an ultrasound machine at about 14 and about 50 days after the last breeding day. Confidento Partners will need to be notified of her pregnancy status at that time by phone or email so a breeding certificate can be issued after the breeding season, before foaling.

An intrauterine culture is recommended if you have an older mare that was bred before, a mare that had a difficult birth/retained placenta, aborted last pregnancy or if you have any other reasons to be suspicious of uterine health. We **do not** require proof of a clean culture. We do expect you follow your veterinarian's recommendation for best results.

The "Farm" assumes responsibility to have available for pick-up or deliver live semen in viable condition at the time of delivery to the approved shipping address. This semen must be administered by a licensed veterinarian or by a breeding technician approved by "Farm" only to the mare named in this agreement. If semen shipments are used for a mare other than named in this agreement without approval from the "Farm" the standard posted breeding fee and completed contract shall be due and submitted to Confidento Partners immediately. This approval constitutes a part of the contract and without it the live foal guarantee is null and void. The semen must be administered on the day of delivery or the "Farm" shall be considered to have fulfilled the contractual obligations. This contract cannot be assigned or transferred by Purchaser. There shall be no right of return to the Stallion if the Mare is sold or otherwise changes ownership after having been served by the Stallion unless otherwise stated.

In the event of stallion death or the inability to produce and ship viable semen from the stallion contracted for this service, "Farm" shall substitute this fresh semen agreement for either fresh or frozen semen any other Stallion owned by the "Farm".

In case the mare does not conceive, "Farm" guarantees return privileges for the contracted mare during the course of
